Refer to the manufacturers literature and determine the actual working temperature range of your sensor before use. CAUTION: Exceeding the manufacturers working temperature range may result in damage to the sensor or process being monitored. Sensors from different manufacturers may not exactly match this chart. No warranty is expressed or implied by the use of this chart.

Refer to the manufacturers literature and determine the actual working temperature range of your sensor before use. CAUTION: Exceeding the manufacturers working temperature range may result in damage to the sensor or process being monitored. Sensors from different manufacturers may not exactly match this chart. No warranty is expressed or implied by the use of this chart.
